

The International Society for the Psychological Treatments of the Schizophrenias and Other Psychoses Series

Series Editor: Brian Martindale

FORTHCOMING! **BEYOND MEDICATION**

Therapeutic Engagement and the Recovery from Psychosis

Edited by DAVID GARFIELD, and DANIEL MACKLER

"This superbly executed work is as courageous as it is timely. At last psychoanalytically informed psychotherapy is being recommended and justified for the treatment of

psychotic patients – over and above – and often instead of psychopharmacology! This work is recommended for all mental health workers but particularly for psychiatric residents and psychologists in training." - **James Grotstein**, David Geffen School of Medicine, USA

Beyond Medication focuses on the creation and evolution of the therapeutic relationship as the agent of change in the recovery from psychosis.

Organized from the clinician's point of view, this practical guidebook moves directly into the heart of the therapeutic process with a sequence of chapters that outline the progressive steps of engagement necessary to recovery. This book will be essential reading for all mental health professionals working with psychosis including psychoanalysts, psychiatrists, psychologists and social workers.

SELECTED CONTENTS: *Karon, Silver*, Foreword. Part I: Engaging the Patient. Part II: The Elements of Change. Part III: Listening to the Patient: Stories of What Really Works. Part IV: Concluding Chapter.

October 2008: 216pp.

NEW! **THERAPEUTIC COMMUNITIES FOR PSYCHOSIS**

Philosophy, History and Clinical Practice

Edited by JOHN GALE, ALBA REALPE and ENRICO PEDRIALI

Therapeutic Communities for Psychosis offers a uniquely global insight into the renewed interest in the use of therapeutic communities for the treatment of psychosis, as complementary to pharmacological treatment. Within this edited volume contributors from around the world look at the range of treatment programmes on offer in therapeutic communities for those suffering from psychosis.

This book will be essential reading for all mental health professionals, targeting readers from a number of disciplines including psychiatry, psychology, social work, psychotherapy and group analysis.

May 2008: 296pp.

PSYCHOTHERAPIES FOR THE PSYCHOSES

Theoretical, Cultural and Clinical Integration

Edited by JOHN F. M. GLEESON, EÓIN KILLACKEY and HELEN KRSTEV

Throughout the world, access to psychotherapeutic and psychosocial treatments for the psychoses varies significantly, with many people

diagnosed with psychotic disorders receiving only medication as treatment. *Psychotherapies for the Psychoses* considers ways that this gap can be bridged through theoretical, cultural and clinical integration.

January 2008: 288pp.

EXPERIENCES OF MENTAL HEALTH IN-PATIENT CARE

Narratives From Service Users, Carers and Professionals

Edited by MARK HARDCASTLE, DAVID KENNARD, SHEILA GRANDISON and LEONARD FAGIN

Foreword by Rachel Perkins

This book offers an insight into the experience of psychiatric in-patient care, from both a professional and a user perspective. The editors highlight the problems in creating therapeutic environments within settings which are often poorly resourced, crisis driven and risk averse.

2007: 248pp.

Pb: 978-0-415-41082-3: £19.99/\$35.95
